**BRATTLEBORO HOUSING PARTNERSHIPS
REQUEST FOR PROPOSAL – SR-TC2023
Snow Plowing/Removal & Salt/Sand Application
(Red Clover Commons I, Red Clover Commons II, A. W. Richards Building)**

PURPOSE

Purpose; Brattleboro Housing Partnerships (BHP) requests proposals from qualified Snow Removal Companies capable of performing snow plowing, snow removal, application of sand & salt on roadways, parking areas and walkways at three of our residential apartment communities located in Brattleboro, VT. The period of the contract will be 10/3/2023- 4/30/2026.

Properties:

(A separate RFP is issued for Melrose Terrace, Hayes Court, Samuel Elliot Apartments, Ledgewood Heights, and Moore Court – reference SR RAD2023

The five properties where the proposed services of this RFP will be performed are: Red Clover Commons I, Red Clover Commons II, A.W.Richards Building. The contractor shall be responsible for understanding each site including the grounds layout and any potential hazards that may affect the services (e.g. parking blocks, curbs, manhole covers, etc.) **A mandatory walk-through of the sites is scheduled for Sept 12, 2023, 10:30 a.m. at A.W.Richards Building and then move to the other sites.**

Snow removal operations at these sites require that tenants move their cars to a cleared area while parking spots are cleared. It is possible that not all cars will be removed in a timely manner. Patterns of plowing and tenant notifications will be outlined by the Maintenance Manager.

GENERAL INFORMATION

To be considered, proposals must be made in accordance with the requirements in this document. Anyone responding to the RFP is required to examine the RFP so as to be fully informed of the extent and character of the services requested, the requirements of the specifications and the requirements in the Attachments.

All expenses incurred in the preparation and submission of the proposal shall be borne by the Respondent. This includes all expenses incurred if an onsite interview is required.

Contractor Personnel: Employees of the Contractor will not be considered BHP personnel. BHP assumes the proposal of certain personnel to be a statement of their availability to do the work.

Contact with BHP: Except as described in this document, there shall be no contact between the Respondent and BHP staff during the selection process.

Billing: The Contractor will bill at least monthly for services performed during the preceding month. The invoice will list each site, the dates of service, and the agreed upon price of said service. Totals per site and for the total invoice will be provided. As a rule, all invoices will be paid within 2 weeks of receipt, but may be longer due to unforeseen circumstances, however will not exceed 3 weeks unless a dispute arises.

Cancellation: BHP reserves the right to cancel this RFP, or to reject, in whole or part, any and all proposals received in response to this RFP, upon determination that such cancellation or rejection is in the best interest of BHP. BHP further reserves the right to waive any minor deficiencies in any proposal received, if it is the best interest of BHP.

Rejection of proposal: A Respondent's proposal will be rejected at any time during the evaluation process and thereafter if there are any adverse findings that would prevent BHP contracting with the Respondent or any person or entity associated with the Respondent.

Award: A proposal will be accepted from the most qualified, responsive and responsible bidder, unless all submissions are rejected. Proposal will be evaluated on a combination of factors as described in this document. A single Respondent will be selected to provide Snow Contractor Services. Awards will be made to conform to BHP's Conflict of Interest Policy.

Contractor Rules and Regulations: Upon award of the contract Contractor must submit proof of insurance and acknowledgement of general rules. (see attachment A).

Retention: All proposals will be the property of BHP, shall be retained by BHP and shall not be returned to the Respondent.

SCOPE OF WORK

Background

The Contractor and BHP will develop a schedule of snow plowing, removal, sanding & salting designed to ensure snow is plowed/removed and that surfaces are sanded and salted as described herein. The Contractor will coordinate scheduled activities with BHP's Maintenance Manager.

Surface Cleaning:

Road, Driveway and Parking Area surface clearing consists of:

- Monitoring weather and storm to ensure compliance with the following:
 - Communicating with the Maintenance Manager before and during a storm to determine the best approach for surface clearing;
 - Determining an estimated time for surface clearing for each property site with Maintenance Manager;
 - Independently determining what special conditions or needs are present (e.g. freezing rain), or as reported by BHP.
- Plowing, Sanding and Salting: The Maintenance Manager will meet with Contractor to determine schedules and priorities. Unless otherwise instructed by the Maintenance Manager the contractor shall begin snow removal:
 - Within 2 hours of the storm ending if accumulation is under 4 inches, or
 - After 4-6 inches of snow has accumulated as measured from the bare ground; and/or
 - The snow shall be removed if it reaches 4-6 inches again within the same storm, and/or
 - When snow/ice build-up has become hazardous by causing slick conditions, and/or
 - Whenever Maintenance Manager deems it necessary.
- Pre-treatment: Pre-treating is permitted without prior approval by BHP when a snow event of two inches or more is predicted, during threats of severe ice accumulation on roadways and sidewalk, and/or as request by Maintenance Manager.

Trucking and removal of Plowed Snow: \

The Contractor is responsible for the cost of loading, transporting, and legal disposal of excess snow in the event storage capacity is exceeded as determined by Maintenance Manager. To achieve this the Contractor must have access to a bucket loader. This cost must be reflected in the bid. (see Attachment C)

Equipment, materials, supplies and tools:

The contractor is expected to supply all needed equipment, materials, supplies and tools to achieve the above services.
